Safety Footwear Program

Order Management Options for Employers

History & Experience:

Steel-Toe-Shoes.com began catalog & online services in 2004 and currently has over 500,000 active business and personal buyers. We currently print six (6) editions of our work footwear catalogs including the “Big Book” with over 600 of our most popular safety styles, a favorite resource for our corporate customers.

With our vast work footwear experience, we have discovered many of our business accounts desire the same set of common features that result in savings of time and money. As you read through the next several pages keep in mind we are more than happy to create a custom program should you require. The first 3 options are corporate programs, the final option is an employee discount card program.

Sincerely,
The Corporate Team @ Steel-Toe-Shoes.com

2015

Standard Program

(Net 30 Terms, Corporate Pricing)

Standard Terms Program:

Standard Terms (Net 30 Days), per credit approval is the basic everyday program for instant ordering availability. Depending on the size and scope from our initial discussions, Steel-Toe-Shoes.com is able to offer the most competitive pricing in the market. This can be done through a custom corporate coupon or through a back-end discount applied at invoicing – your choice!

Another advantage of a “Standard Terms” account is that you get a dedicated account manager to help you choose the correct styles for your workplace environment.

Order options include online, phone, fax or email.

2015

Voucher Program

Private, Single-Use Employee Vouchers

Employee Voucher Program:

The employee voucher program is extremely popular for those employers who desire the ability to control which supplier is used for safety footwear purchases.

With a voucher program you can request your desired number of private codes at a denomination of your choice (any amount is acceptable) which Steel-Toe-Shoes.com will bill ONLY AFTER the voucher has been used. The vouchers are billed at a discounted rate to the company.

This program has an added billing feature in which the company is given a monthly statement of individual orders as line-items for easy payment and reconciliation.

Employer Account

Private Pricing, Quick Orders, Online PO's

Employer Account Program:

With our Employer Account program you are able to access the greatest number of features and functionality. The three main reasons to create a private login with our company are private pricing, fast ordering (saved shipping/billing), and online purchase order availability.

Once you decide to create an account please call our corporate accounts direct line (1-866-737-7010) to request your custom pricing and access to online purchase order capabilities, per credit approval. Activation takes just a few minutes. Please see the example images below to get a feel for how an Employer Account could help streamline your ordering process.
